Summary
Future Electronics is featuring the ams OSRAM OSLONÂ® Pure 1414 Family of LEDs in a recently launched digital campaign.

Message
Montreal, Canada (prsafe) September 25,2024 - Future Electronics, a global leading distributor of electronic components, is pleased to announce the availability of the ams OSRAM OSLONÂ® Pure 1414 Family of LEDs, known for its exceptional performance in high lumen density, efficiency, and color homogeneity.

Building upon the advancements of its predecessor, the PURE 1010, the OSLONÂ® Pure 1414 family delivers superior light quality and versatility, making it the ideal choice for a wide range of lighting applications. With its compact 1.4 mm x 1.4 mm emitter design, the OSLONÂ® Pure 1414 offers enhanced flexibility for engineers and designers. Available in a broad spectrum of direct and phosphor-converted colors, this family of LEDs also provides a flexible color temperature range from 1800K to 6500K, with 70, 80, and 90 CRI options for precise color tuning and superior light quality.

The OSLONÂ® Pure 1414 can be employed either individually or clustered to achieve the desired light spectrum, offering a powerful and versatile solution for manufacturers seeking compact and efficient lighting systems for small-sized products. Its high-performance characteristics make it ideal for applications requiring tight clustering effects and advanced color control.

For more information about the ams OSRAM OSLONÂ® Pure 1414 Family of LEDs, please visitÂ www.FutureElectronics.com/resources/featured-products/ams-osram-oslon-pure-1414-leds.

About Future Electronics

Founded in 1968, Future Electronics is a global leader in the electronic components industry. Future Electronics' award-winning customer service, global supply chain programs and industry-leading engineering design services have made the company a strategic partner of choice.

Headquartered in Montreal, Canada, Future Electronics operates in 159 offices across 44 countries with over 5,000 employees. Its worldwide presence powers the company's outstanding service and efficient, comprehensive global supply chain solutions. Future Electronics is globally integrated and supported by one IT infrastructure which provides real-time inventory availability and enables fully integrated operations, sales and marketing services worldwide. In 2024, Future became a WT Microelectronics company, now dual-headquartered in both Montreal, Canada and Taipei City, Taiwan.

Future Electronics' mission is always to Delight the CustomerÂ®. For more information visitÂ www.FutureElectronics.com.
