[Saudi Arabia Commercial Vehicle Tire Market](#) is anticipated to register formidable growth during the forecast period, 2023-2027. The demand for commercial cars is growing due to the increase in construction activities and infrastructure development projects taken by the leading authorities to transform Saudi Arabia. Expanding e-commerce industry and the use of advanced technologies in commercial tire manufacturing are influencing the market demand. The enhanced efforts being made by top authorities to lessen dependency on the oil and gas sector and develop alternative revenue streams are encouraging positive growth. The government has started construction and infrastructure development projects to boost its economy and provide livable conditions. Leading authorities are undertaking a number of current programs, including the Saudi Vision 2030 and the National Transformation Program for promoting construction activities. The use of commercial vehicles such as pick-up trucks, dump trucks, concrete mixer trucks, front loaders, and many other commercial vehicles is increasing to complete upcoming and ongoing mega-construction projects like The Sakani Housing Program, Amaala, the Red Sea Project, Neom Business City, Qiddiya City Riyadh, and many more. The tires wear out faster when commercial trucks are used frequently in harsh conditions at building sites. Therefore, the rise in sales of commercial vehicles is expected to propel Saudi Arabia commercial vehicle tire market growth in the next five years. The Saudi Arabia commercial vehicle tire market is segmented into vehicle type, tire construction type, price segment, regional distribution, and competitive landscape. Based on vehicle type, the market is divided into LCV and M&HCV. Light commercial vehicle or LCVs is expected to hold the largest market share during the forecast period, 2023-2027 owing to high demand from the logistics industry as they offer better mileage, low operational cost, and easy navigation features.

The major market players operating in the Saudi Arabia commercial vehicle tire market are Bridgestone Middle East & Africa FZE, Hankook Tire, Continental ME, Michelin AIM FZE, and Yokohama Rubber Company. Years considered for this report:
