The Cough, Cold and Allergy (Hay Fever) Remedies Market Database in Saudi Arabia is projected to exhibit highest growth rate over report offers a collection of superior market research, market analysis, and competitive intelligence and industry reports. Whilst the COVID-19 pandemic was generally favourable for sales of consumer healthcare, the response to COVID-19 placed some pressure on cough, cold and allergy (hay fever) remedies sales as the spreading of mild seasonal illnesses was much less common. However, lifestyles are normalising in 2022 and consumers are socialising and interacting with more people. This has led to the return of the common cold and the flu. Similarly, since people are now spending more time outside again, allergies hav...
