## Summary

Future Electronics is now featuring a comprehensive techpaper on Smart Home Solutions by Panasonic focusing on Smart Thermostats

## Message

Montreal, Canada ( prsafe) January 26, 2023 - Future Electronics, a global leading distributor of electronic components, has teamed up with Panasonic to provide a comprehensive techpaper to Smart Thermostat technology for 2023. The techpaper includes industry insight into trends and opportunities for Smart Home solutions for the upcoming year.

Panasonic is an industry leader, and their rich background sets them up as an authority figure in all topics of technology to make life better. Their broad smart home portfolio includes solutions from sensors to connectivity and AI integration. On this collaboration with Future Electronics, the two industry innovators provide an in-depth guide to the key components for the next generation of smart thermostats.
