

# Future Electronics Announces Limited-Time Online Promotion on Frequency Control & Timing Devices

News-Press Release

Pointe Claire, Quebec, (Newsbox) 10-Jul-2023

<https://prsafe.com/release/15810/>

## Summary

Future Electronics has launched an online promotion on a vast available-to-sell selection of Frequency Control and Timing Device parts.

## Message

Montreal, Canada ( prsafe) July 10, 2023 - Future Electronics, a global leading distributor of electronic components is thrilled to launch a discount on their selection of electronic components for Frequency Control and Timing Devices.

Until July 30th, online customers can take advantage of 15% off Frequency Control and Timing Device categories on the Future Electronics website. This limited-time offer presents an exciting opportunity for customers to explore a wide range of high-quality timing devices and components while enjoying significant savings.

Whether customers are seeking precision oscillators, resonators, or crystals, they can find an extensive portfolio of frequency control solutions from leading manufacturers. This promotion enables customers to source top-quality timing devices at a discount while maintaining the highest standards of performance in their designs.
