Summary

In honour of National Blood Donor Week, Future Electronics partnered with HÃ©ma-QuÃ©bec to replenish its reserves.

Message

Montreal, Canada (prsafe) July 11, 2023 - Future Electronics, a leading global distributor of electronic components, recently partnered with HÃ©ma-QuÃ©bec to host a blood drive at the Future Electronics Headquarters in honour of National Blood Donor Week.

HÃ©ma-QuÃ©bec is an organization that partners with hospitals and health centres across the province of Quebec to help transform and save lives thanks to the donations received.

On June 12th, [Future Electronics' employees stepped up](#) and as a result, 48 donations of blood were made. Each donation can help up to three people, meaning that in a single day, Future Electronics employees helped change the lives of up to 144 individuals. For 16 of the donors, it was their first time giving blood.

"[Future Electronics' employees were very](#) respectful, punctual, and very organized. We were very happy with the flow and consider it a great success!" said HÃ©ma-QuÃ©bec.

"We thank our employees for showing great support for this initiative" [Future Electronics stated on LinkedIn](#).
