Summary

Future Electronics is featuring a wide range of Melexis sensors in a recently launched digital campaign.

Message

Montreal, Canada (prsafe) June 27, 2024 - Future Electronics, a global leading distributor of electronic components, is excited to announce the launch of its new digital campaign dedicated to highlighting the comprehensive range of innovative Melexis sensors. This campaign aims to educate and engage engineers, designers, and decision-makers about the diverse applications and advanced capabilities of Melexis sensors across various industries.

The campaign aims at the exploration of an extensive range of Melexis current sensors, Hall-effect sensors, position sensors, and more tailored specifically for E-Mobility applications among others. These solutions empower vehicles with precision and efficiency for a greener tomorrow.
