Summary

Bitcoin Impact: Join industry leaders at the forefront of Web3, AI, and Digital Assets.

Message

Singapore, November 3, 2024 -- Early investment fund Native Capital is thrilled to announce the next Bitcoin Impact, an exclusive gathering set to ignite discourse around Web3, artificial intelligence, and digital assets on November 10th at the Fullerton Hotel Singapore. A Part of the official Singapore Fintech Festival side-event, Bitcoin Impact™s "Impact on Web3: AI & Digital Assets" offers tech and crypto enthusiasts key insights, networking opportunities, and a showcase of web3 digital innovations. Highlights include an exclusive unveiling of NFTs within the private collection of Native Capital, featuring global icons such as Lionel Messi, Johnny Depp, President Donald Trump, Manny Pacquiao, Anthony Hopkins, Cindy Crawford, Gisele Bündchen and many more, showcasing Web3's ability to bridge the gap between fans and their idols. The artistic and cultural significance of NFTs also underscores a burgeoning investment opportunity within the digital asset landscape. A Unraveling the Future of Technology and Investment Join an elite cadre of global experts, visionary investors, and groundbreaking tech innovators as they converge to explore the dynamic landscape of Web3. Through captivating keynote speeches and strategic networking sessions, participants delve into emerging trends and transformative web3 opportunities. A Bitcoin Impact is set to be an evening rich with forward-looking conversations, high-value connections, and firsthand insights into the innovations shaping the future of Web3, AI, and digital assets, a quality event for those committed to navigating the frontier of decentralized technology and investment.
