Summary

Future Electronics recently celebrated the holiday season with a festive lunch, exciting prizes and a giving campaign. Employees came together to donate food and winter essentials, spreading cheer and making a difference in the community.

Message

Montreal, Canada (prsafe) December 10, 2024 - Future Electronics, a global leader in electronics components distribution, recently celebrated the holidays with its annual holiday lunch. On Friday, December 6, 2024, Future Electronics employees gathered in the cafeteria to enjoy a warm and delicious meal.

The event was more than just a celebration; it was a testament to [Future Electronics' commitment](#) to giving back to the community. Attendees donated non-perishable food items and new hats, mittens, socks and scarves, earning prize draw tickets for each item contributed.

The generosity of employees was rewarded with chances to win exciting prizes, including gift cards, electronics and more. The donated items were then placed around Future Electronics' two "Community Trees."

The prize draw, held around 1:00 pm, added excitement to the day as participants celebrated both their contributions and the joy of the season.

[Future Electronics remains committed](#) to fostering a supportive workplace and a strong sense of community. The holiday lunch and giving campaign showcased the company's dedication to teamwork, integrity, and making a meaningful impact in the lives of both their employees, and the surrounding community.

About Future Electronics:

Founded in 1968, Future Electronics is a global leader in the electronic components industry. Future Electronics' award-winning customer service, global supply chain programs and industry-leading engineering design services have made the company a strategic partner of choice.

Headquartered in Montreal, Canada, Future Electronics operates in 159 offices across 44 countries with over 5,000 employees. Its worldwide presence powers the company's outstanding service and efficient, comprehensive global supply chain solutions. Future Electronics is globally integrated and supported by one IT infrastructure which provides real-time inventory availability and enables fully integrated operations, sales and marketing services worldwide. In 2024, Future became a WT Microelectronics company, now dual-headquartered in both Montreal, Canada and Taipei City, Taiwan.

Future Electronics' mission is always to Delight the Customer®. For more information visit www.FutureElectronics.com.
