Future Electronicsâ€™ Memphis Area Distribution Center Spreads Holiday Cheer Through Generosity

News-Press Release
Pointe Claire, (Newsbox) 16-Dec-2024
https://prsafe.com/release/16667/

Summary
Future Electronicsâ€™ Memphis Area Distribution Center is collecting donations for local organizations, showcasing both employee generosity and the companyâ€™s commitment to community support during the holiday season.

Message
Montreal, Canada (prsafe) December 16, 2024 - Future Electronics, a global leader in electronic components distribution, is proud to announce a holiday giving initiative at its Memphis Area Distribution Center (MADC). Employees are rallying together to support two impactful local organizations: the House of Grace, a shelter for victims of domestic violence, and the Palmer Home for Children, a safe haven for foster children in Desoto County, Mississippi.

Donation boxes have been placed at the MADC Employee Entrance, accompanied by a list of urgently needed items. Contributions will be collected from Future Electronics employees through December 13, providing much-needed supplies to these vital community organizations during the holiday season.

"Our employees at MADC have always shown tremendous generosity," said Kathy Leverett, HR Manager at Future Electronics' MADC. "Over the years, we've supported several organizations, including Heartland Hands, Sacred Heart Food Bank, Desoto County Schools Coat Drive, and Affordable Christmas."

Beyond its operational excellence, Future Electronics is dedicated to fostering a positive work environment. The holiday donation drive is just one example of how the company empowers its employees to make a difference in their communities.

The House of Grace and the Palmer Home for Children play essential roles in the Desoto County area. By rallying around this holiday giving initiative, Future Electronics and its MADC employees are helping these organizations deliver essential services to those in need.

About Future Electronics:

Founded in 1968, Future Electronics is a global leader in the electronic components industry. Future Electronics' award-winning customer service, global supply chain programs and industry-leading engineering design services have made the company a strategic partner of choice.

Headquartered in Montreal, Canada, Future Electronics operates in 159 offices across 44 countries with over 5,000 employees. Its worldwide presence powers the company's outstanding service and efficient, comprehensive global supply chain solutions. Future Electronics is globally integrated and supported by one IT infrastructure which provides real-time inventory availability and enables fully integrated operations, sales and marketing services worldwide. In 2024, Future became a WT Microelectronics company, now dual-headquartered in both Montreal, Canada and Taipei City, Taiwan.

Future Electronics' mission is always to Delight the CustomerÂ®. For more information visit www.FutureElectronics.com.
