Summary

Future Electronics is proud to support Overture With the Arts (OWTA) and their annual Winter Wonderland event, which brought holiday joy to over 100 children and families in Montreal. A donation helped provide a festive brunch, gifts, and live entertainment.

Message

Montreal, Canada (prsafe) June 2, 2025 - Future Electronics, a global leader in electronic components distribution, is delighted to announce its partnership with Overture With the Arts (OWTA), a Montreal-based non-profit organization dedicated to providing free and low-cost arts education to youth. Through a donation, Future Electronics helped make OWTA's annual Winter Wonderland event a magical experience for over 100 children and their families.

Winter Wonderland, held every December, is a festive brunch that brings holiday cheer to deserving children in Montreal's West Island. The event features a warm meal, gifts, and live entertainment, creating cherished memories for families who may not otherwise have the opportunity to celebrate the season in such a special way.

"Future Electronics' funding made it possible for us to provide a free brunch, gifts, and live entertainment—giving deserving kids a holiday celebration filled with joy and magic," said Akilah Newton, Executive Director at Overture with the Arts. "For many of these families, opportunities like this are rare, and Future Electronics helped turn what could have been an ordinary day into a cherished holiday memory."

Since 2009, OWTA has impacted over 85 000 youth through its music, dance, drama, and vocal training programs. The organization's mission is to provide a creative outlet for self-expression, build confidence, and foster a love for the performing arts among young people from all walks of life.

"We are overjoyed to have joined Overture With the Arts in their important mission," said Georgia Genovezos, Corporate Vice President of Digital Marketing at Future Electronics. "This has truly been a special holiday season for our team."

Future Electronics' partnership with OWTA reflects its commitment to supporting local communities and empowering the next generation through education and the arts. The company looks forward to continuing its collaboration with OWTA and helping to create more opportunities for young people to thrive.
