## Summary

Future Electronics is excited to unveil a new digital spotlight campaign dedicated to the IR:6 family of infrared LEDs from ams OSRAM—designed to set new benchmarks in brightness, efficiency, and sensing performance.

## Message

Montreal, Canada (Â prsafe) October 21, 2025Â - Future Electronics is excited to unveil a new digital spotlight campaign dedicated to the IR:6 family of infrared LEDs from ams OSRAM—designed to set new benchmarks in brightness, efficiency, and sensing performance.

The ams OSRAM IR:6 series delivers up to 35% more brightness and 42% higher efficiency compared to previous-generation solutions, powered by advanced thin-film semiconductor technology. Available in 850 nm, 940 nm, and the latest 920 nm wavelength, the IR:6 platform is optimized for superior responsiveness with modern image sensors used in authentication, machine vision, medical imaging, environmental monitoring, and more.

This online campaign will guide engineers and designers through the advantages of the IR:6 portfolio, demonstrating how its compact footprint and high reliability make it an ideal fit for cutting-edge infrared applications.

For more information about the product line, visit Future Electronics'Â [dedicated campaign web page](#).

## About Future Electronics

Founded in 1968, Future Electronics is a global leader in the electronic components industry. Future Electronics' award-winning customer service, global supply chain programs and industry-leading engineering design services have made the company a strategic partner of choice.

Headquartered in Montreal, Canada, Future Electronics operates in 159 offices across 44 countries with over 5,000 employees. Its worldwide presence powers the company's outstanding service and efficient, comprehensive global supply chain solutions. Future Electronics is globally integrated and supported by one IT infrastructure which provides real-time inventory availability and enables fully integrated operations, sales and marketing services worldwide. In 2024, Future became a WT Microelectronics company, now dual-headquartered in both Montreal, Canada and Taipei City, Taiwan.

Future Electronics' mission is always to Delight the CustomerÂ®. For more information visitÂ [www.FutureElectronics.com](http://www.FutureElectronics.com).
