Summary

Future Electronics, a global leader in electronic components distribution, has launched a new digital campaign featuring TAIYO YUDEN's MCOIL Metal Power Inductors.

Message

Montreal, Canada (prsafe) October 22, 2025 - Future Electronics, a global leader in electronic components distribution, has launched a new digital campaign featuring TAIYO YUDEN's MCOIL Metal Power Inductors.

Engineered with proprietary metallic magnetic materials, the MCOIL series delivers exceptional efficiency, miniaturization, and thermal stability to meet the demands of next-generation designs. These inductors are optimized for a wide variety of applications ranging from mobile and IoT devices to automotive systems operating in harsh environments.

The campaign highlights the versatility and performance of TAIYO YUDEN's MCOIL family, including the LCCN, LCEN, and LSCN Series, which address both general-purpose and automotive-grade requirements. Whether optimizing for compact form factors, high heat resistance, or low core loss at high currents, MCOIL inductors enable designers to achieve superior performance and reliability across their power management designs.

To explore the full range of TAIYO YUDEN MCOIL Metal Power Inductors, visit Future Electronics' [dedicated campaign web page](#).

About Future Electronics

Founded in 1968, Future Electronics is a global leader in the electronic components industry. Future Electronics' award-winning customer service, global supply chain programs and industry-leading engineering design services have made the company a strategic partner of choice.

Headquartered in Montreal, Canada, Future Electronics operates in 159 offices across 44 countries with over 5,000 employees. Its worldwide presence powers the company's outstanding service and efficient, comprehensive global supply chain solutions. Future Electronics is globally integrated and supported by one IT infrastructure which provides real-time inventory availability and enables fully integrated operations, sales and marketing services worldwide. In 2024, Future became a WT Microelectronics company, now dual-headquartered in both Montreal, Canada and Taipei City, Taiwan.

Future Electronics' mission is always to Delight the Customer®. For more information visit www.FutureElectronics.com.
