Summary

Future Electronics, a leading global distributor of electronic components, is excited to announce the launch of a new quarterly campaign focused on advancing the future of health and wellness.

Message

Montreal, Canada (prsafe) October 23, 2025 - Future Electronics, a leading global distributor of electronic components, is excited to announce the launch of a new quarterly campaign focused on advancing the future of health and wellness. Intelligent medical equipment and connected devices are transforming healthcare delivery, from surgical robots that achieve new levels of precision to smart technologies that improve patient outcomes.

Through this campaign, Future Electronics connects engineers and innovators with the products and insights needed to stay ahead of rapid developments in the industry. Subscribers will gain access to the latest news, featured products, and expert perspectives on the devices and technologies redefining healthcare.

Key Areas of Focus

• Smart Wearables: Enhance everyday health tracking with solutions that deliver accuracy, seamless connectivity, and comfort.

• Remote Patient Monitoring and Telehealth: Enable reliable, real-time patient engagement and monitoring anywhere, anytime.

• Connected Fitness Equipment: Elevate training experiences with electronics that bring smarter and safer personalized workouts.

• Advanced Medical Robotics: Drive medical breakthroughs with high-performance components designed for precision and reliability.

Future Electronics invites engineers, designers, and industry professionals to follow this campaign for a closer look at the innovations shaping the next generation of health and wellness technologies.

About Future Electronics

Founded in 1968, Future Electronics is a global leader in the electronic components industry. Future Electronics' award-winning customer service, global supply chain programs and industry-leading engineering design services have made the company a strategic partner of choice.

Headquartered in Montreal, Canada, Future Electronics operates in 159 offices across 44 countries with over 5,000 employees. Its worldwide presence powers the company's outstanding service and efficient, comprehensive global supply chain solutions. Future Electronics is globally integrated and supported by one IT infrastructure which provides real-time inventory availability and enables fully integrated operations, sales and marketing services worldwide. In 2024, Future became a WT Microelectronics company, now dual-headquartered in both Montreal, Canada and Taipei City, Taiwan.

Future Electronics' mission is always to Delight the Customer®. For more information visit www.FutureElectronics.com.
