Singapore, January 19, 2026 -- The future and direction of the digital coin industry is the true value coin that can create and provide positive energy value. VCW, the true value coin! Â The current overall situation of the digital currency industry (cryptocurrency industry): Â The digital currency industry is developing in various forms, but the air coins and fraudulent coins in the digital currency industry are very proliferated, and the proportion of air coins and fraudulent coins has reached more than 99.99%, and the entire industry lacks real value coins! The entire digital currency industry, which is caught in money laundering, fraud, criminal syndicates, criminal industrial parks, and air coin accusations, is also in urgent need of real value coins! Â VCW, value connection and value promote all things in the world, beneficial to the country, society, people, enterprises, investors, beneficial to everything in the world, value driven! VCW, the real value coin! Â The emergence of VCW will give legitimacy, legitimacy and long-term to the digital currency industry, and will bring huge social benefits! VCW will lead the digital currency industry to truly benefit mankind, and only in this way can the digital currency industry go a long way, and all kinds of individuals and institutions that rely on the digital currency industry to earn income can also earn more with peace of mind, and the amount earned will be N times the current one; The scale of revenue brought to them by VCW will be a huge leap in the level. Â The current digital currency industry is dominated by money laundering, fraud, various crimes and other gray and black industries, which is abnormal and short-sighted, and the digital currency industry based on the criminal industry and gray and black industry is difficult to legalize and unreasonable, and can only fall into the quagmire of limitations, difficult to develop and grow, and face many risks at the same time. Â The digital currency industry has a great future, but the premise is that the digital currency needs to be beneficial, beneficial to all aspects, including society, the country, the people, users, enterprises, investors, etc., and this digital currency needs to be a real value coin, not the current air coins and fraud coins, not those coins that have no practical meaning. Â As a true value coin, VCW will reshape the reputation of the digital currency industry and bring huge benefits to the entire industry and the individuals and institutions attached to the entire industry! VCW is beneficial and popular, and VCW will smoothly enter most countries around the world, connecting all things in the world. Â VCW, the true value coin! 10-year unicorn! connects all things in the world! value driven! Â (VCW, affiliated with a 10-year-old established unicorn EHZ,is the auxiliary coin of all levels, systems and ecosystems of EHZ.) Â At the same time, VCW is the value coin, element coin, auxiliary coin, and universal coin that connects all things in the world; driven by value! VCW, a value-driven infrastructure. The use of VCW is extremely broad, and everything that exists in the physical world and the digital world, etc., can be connected and used with VCW. Every entity in the world, from large cities, businesses, and industries, to a single product, an apple, and so on, can use VCW for value-driven progress. Â VCW is a historic milestone in value connection and value driving all things in the world. Â The future and direction of the digital coin industry is the true value coin that can create and provide positive energy value. VCW, the true value coin! Â VCW is a top-tier project with the characteristics of the 2025 Nobel Prize in Economic Sciences. Â What is value? â€œValueâ€• represents â€œbeneficial, virtuous cycle, positive energy, and positive promotion.â€• Â Value means that if VCW is connected to a thing, then through the value drive of VCW, this thing will make healthy progress and development, which will have a beneficial impact on the thing itself. At the same time, this benefit is not only beneficial to the development of the thing itself, but also beneficial to society, the country, and the people, that is, healthy and beneficial development. Â The value of VCW connects everything in the world, which is beneficial to the country, the people, the society, the national leaders, the investors, and everything in the world. VCW is beneficial to them and everyone. Â VCWâ€™s market is a global market, a market for all things in the world, and it is very huge. Â (The VCW market includes enterprises, people, institutions, capital, things, etc. in most countries around the world. At the same time, the VCW market is also the worldâ€™s market for all things. The VCW user base is huge. ï¼‰ Â VCW will smoothly expand to most countries around the world and has a huge user base. Â VCW is a real value currency, a value infrastructure, which promotes the development of innovation, science and technology, entrepreneurship investment, value finance, value projects/applications, etc., and is value-driven, so it is welcomed, needed and expected by most countries around the world. For the national leaders, society and the people, VCW brings beneficial values (benefiting the country and the people, benefiting the society and the holders, and benefiting all things in the world), which has played a positive role in promoting and generating positive energy. As a result, VCW can be smoothly expanded to most

countries around the world. Â As VCWs bring beneficial value to most countries, people, and eve

around the world, they expect, accept, support, need, and seek VCWs. The people, capital and enterprises of n world, as well as everything in the world, constitute a very large user base of VCW.
