Shadows, Rituals, and The Rise of The Blood Moon: Jason Moore Redefines Vampire Lore in Epic Trilogy Â Phoenix, AZ, May 2, 2026 -- Dark fantasy takes a bold new turn as author Jason Moore announces the complete release of his epic trilogy, The Moon's Curse. With the arrival of its explosive final installment, The Moon's Curse: Blood Moon, readers can now experience the full sagaâ€”an immersive journey where myth, magic, and mortality collide.Â Blending ancient mythology with emotional depth and relentless tension, Mooreâ€™s trilogy introduces the world to the Nythrallâ€”a terrifying evolution of vampire lore, bound not by blood alone, but by the raw, volatile power of the moon itself. This is not the vampire story readers expectâ€”itâ€™s darker, deeper, and far more dangerous.Â A Trilogy Unleashed Across three gripping novels, The Moon's Curse delivers a sweeping narrative of transformation, sacrifice, and the cost of power: Â - The Moon's Curse: Awakening (Book 1) The journey begins with a descent into shadow. Ancient forces stir, forbidden rituals awaken, and the first whispers of the Nythrall emerge. What begins as mystery quickly becomes something far more sinisterâ€”an unraveling of everything once believed to be true. Â - The Moon's Curse: Descent (Book 2)As the darkness spreads, alliances fracture and survival demands sacrifice. The line between hero and monster begins to blur, and the looming presence of the Blood Moon threatens to consume everything in its path. Â - The Moon's Curse: Blood Moon (Book 3) Now AvailableThe final chapter ignites. Under the crimson glow of the Blood Moon, destinies collide and the true power behind the Nythrall is revealed. This is where legends are forgedâ€”or destroyed. The stakes have never been higher, and not everyone will survive whatâ€™s coming.Â Â A New Breed of Darkness At the heart of the trilogy lies the Nythrallâ€”an original and haunting re-imagining of vampire mythology. Bound to lunar forces and driven by something far older than hunger, they embody a terrifying truth: some transformations cannot be undone. Mooreâ€™s world is one where magic is not just powerâ€”itâ€™s consequence. Where every choice carries weight. Where the veil between worlds is thinâ€”and something is always waiting on the other side.Â A Voice That Pulls You Into the Veil Drawing from a lifelong fascination with mythology and folklore, Jason Moore crafts a narrative that is both cinematic and deeply personal. His characters are tested not only by the forces around them, but by the darkness within themselves. Â â€œWriting is more than storytellingâ€”itâ€™s a way to explore the unknown and confront what lies beneath the surface. I want readers to feel like theyâ€™ve stepped into something they canâ€™t easily walk away from.â€• â€” Jason Moore.Â Why Readers Canâ€™t Look Away In a genre crowded with familiar tropes, The Moon's Curse stands apartâ€”offering a bold reinterpretation of vampire lore grounded in emotional realism and mythic scale. It speaks to those drawn to the edge of light and shadowâ€”to readers who crave stories that challenge, consume, and linger long after the final page. Â This is more than a trilogy. Itâ€™s an experience.Â Available Now â€” Enter the VeilAll three books in The Moon's Curse trilogy are now available in paperback, hardcover, and digital formats through major online retailers and on the official website. Â Readers can begin the journeyâ€”or complete itâ€”today: - The Moon's Curse: AwakeningÂ - The Moon's Curse: DescentÂ - The Moon's Curse: Blood Moon (Now Available)Â Â About the Author: Jason Moore is an author and creator of immersive fantasy worlds based in Phoenix.
