Summary

Future Electronics has signed a new global franchise agreement with ScioSense.

Message

Montreal, Canada (prsafe) March 3, 2021 - Future Electronics, a global leading distributor of electronic components, is very pleased to announce a new worldwide franchise agreement with ScioSense.

ScioSense is a leading manufacturer of cutting-edge sensor technologies that are innovative, easy to handle, reliable and affordable. The company offers a broad range of off-the-shelf products and applications, as well as innovative solutions tailored to customers' specific needs. ScioSense produces humidity, gas/air quality, temperature, pressure and flow sensors.

ScioSense was founded in 2019 as a joint venture between AMS and Wise Road Capital. The decades of experience and knowledge of AMS is incorporated in ScioSense, dating back to the times of ACAM and Applied Sensors. Wise Road Capital provides the in-depth market knowledge and funding to ensure the stability and growth of the company. ScioSense employs more than 100 people and is continuing its rapid growth in markets around the world.

Future Electronics customers in several key industries, including automotive, industrial, environmental, and consumer goods will benefit from ScioSense's advanced sensing solutions.

To find out more about ScioSense products available through Future Electronics, and to access the world's largest available-to-sell inventory, visit www.FutureElectronics.com.

About Future Electronics

Future Electronics is a global leader in electronics distribution, recognized for providing customers with global supply chain solutions, custom-tailored engineering services and a comprehensive suite of passives and semiconductor products.
