Summary

Robert Miller, President of Future Electronics, praised his team for winning the 2020 Semiconductor Distributor of the Year award for the Americas from Vishay.

Message

Montreal, Canada (prsafe) June 7, 2021 - Future Electronics, a global leading distributor of electronic components, recently won the 2020 Semiconductor Distributor of the Year award for the Americas from Vishay Intertechnology.

[Robert Miller, President of Future Electronics](#), thanked everyone who contributed to the company's industry-leading performance on behalf of Vishay in 2020.

"It is the excellent collaboration between our teams that has made this possible," said Anthony Alberga, [Future Electronics'](#) Corporate Vice President, Marketing. "Vishay has been a very valued partner for many years, and we look forward to a very successful 2021 together."

Vishay Intertechnology is one of the world's largest manufacturers of discrete semiconductors and passive electronic components for the industrial, computing, automotive, consumer, telecommunications, military, aerospace, power supplies, and medical markets.

"Future Electronics was unique in their ability to deliver growth in a challenging environment," said Dave Valletta, Executive Vice President of Sales at Vishay Intertechnology. "We thank their entire Americas team for this achievement."

Future Electronics was [founded by Robert Miller in](#) 1968, and the company remains the only distributor with a globally integrated worldwide IT infrastructure.
