Summary

Future Electronics is featuring onsemi's RSL10 Smart Shot Camera in this month's IoT & Connectivity edition of THE EDGE.

Message

Montreal, Canada (prsafe) December 14, 2021 - Future Electronics, a global leading distributor of electronic components, is featuring an advanced camera system from onsemi in the latest edition of THE EDGE - IoT & Connectivity.

The onsemi RSL10 Smart Shot Color Camera enables next-generation IoT imaging applications. The RSL10 combines cloud-based Artificial Intelligence (AI) with ultra-low-power triggered image capture to allow developers to create high-tech imaging applications. Imaging is captured automatically when triggered by various elements including time or environmental changes such as motion, humidity or temperature.

The complete Smart Shot Camera Platform includes the ARX3A0 Mono 121.0° DFOV IAS module, an ultra-low-power Pseudo Global Shutter Sensor, the ARX3A0 DVOF IAS Module RSL10 SiP, which serves as the processing hub of the system, and the RSL10 Smart Shot Mobile App.

THE EDGE is the latest e-newsletter from Future Electronics, and is geared toward engineers and buyers looking for new or leading-edge products. THE EDGE comes out twice per month, and each edition features product information, datasheets and videos showcasing the most advanced new technology in a specific area, such as sensing, lighting, or automotive.

Visit www.FutureElectronics.com/subscribe to receive the latest issues of THE EDGE newsletter, and stay up to date with the newest technologies.

About Future Electronics

Future Electronics is a global leader in electronics distribution, recognized for providing customers with global supply chain solutions, custom-tailored engineering services and a very extensive variety of electronic components. Founded by Robert G. Miller in 1968, Future Electronics believes its 5500 employees are its greatest asset, with 170 offices in 44 countries. Future Electronics is globally integrated, with a unified IT infrastructure that delivers real-time inventory availability and access to customers. With the highest level of service, the most advanced engineering capabilities, and the largest available-to-sell inventory in the world, Future's mission is always to Delight the Customer®.
