Message

MRHB DeFi, the world's first halal and ethical decentralized finance (DeFi) platform, launched their \$MRHB token on the popular PancakeSwap DEX in December 2021. To promote the listing, the company set aside a pool of 5 million MRHB tokens to reward liquidity providers (LPs) with through to the end of March. MRHB has now decided to extend the LP reward period until June 30, and is adding an additional 2 million MRHB tokens to the reward pool. For anyone unaware of this opportunity, the details are as follows: LPs must supply liquidity to the USDT/MRHB liquidity pool on PancakeSwap to qualify for rewards. A total of 2 million MRHB tokens will be divided between all participating LPs over a three-month period. This reward is provided by MRHB DeFi as a third party offering a conditional gift (hibah muallaqah bi al-sharhTM), which is permissible according to Islamic Fiqh. By providing liquidity on PancakeSwap, LPs help to support the MRHB token, whose mission of bringing ethical finance to faith-based communities and others. It has been years of non-regulation and uncertainty about crypto; it is time to carve out a safe space in the cryptoverse where ethics-conscious people can manage their finances with peace of mind. Additional Information for LPs Providing liquidity on a DEX is not without risk. All prospective LPs must first understand about a concept known as impermanent lossTM.
