Summary

Future Electronics has released a worldwide initiative focusing on the Automation vertical segment.

Message

Montreal, Canada (prsafe) April 4, 2023 - Future Electronics, a global leading distributor of electronic components, has launched a global initiative solidifying themselves as a leader in the Automation sector.

As part of the worldwide campaign, Future Electronics will center themselves around four key, trending technology subsegments in 2023:

- Drones/Robotics
- Intelligent Buildings
- Point of Sale (POS)
- Industry 4.0

As a trusted partner with go-to resources in technology solutions and engineering expertise, Future Electronics is staying up to date on the latest trends to bring value to their business partners from concept to creation and beyond.
