Summary

Robert Miller, President of Future Electronics, congratulated the company's Denmark branch, which is celebrating its 25th anniversary this year.

Message

Montreal, Canada (prsafe) June 15, 2021 - Future Electronics, a global leading distributor of electronic components, recently celebrated the 25th anniversary of the opening of the company's office in Denmark.

Future Electronics was founded in Montreal in 1968 [by company President Robert Miller](#). It expanded into the United States in 1972, opening its first American office in Boston.

The first Danish office opened its doors in Holstebro in 1996. "The past 25 years have been a great journey, establishing Future Electronics as a major player in the Danish market," said Branch Manager Niels J rgen Visgaard.

In 2000, the office moved to Vejle, a greater geographic location to support the country. The Danish market is mostly industrial, but new segments have seen strong growth in recent years.

"The team's passion and dedication to do the utmost in delighting our customers is in our DNA, and I'm proud to be part of it," Visgaard said. "The fantastic support from our suppliers and the loyalty of our customers are what has brought us to where we are today."

Robert [Miller, President of Future Electronics](#), congratulated the Danish team on their 25-year milestone, and thanked everyone for their contributions to the success of the branch.
