### **Summary**

Future Electronics is featuring E-Switch's TL3315 series of low profile SMT tactile switches in this month's Consumer Wearables edition of THE EDGE.

### **Message**

Montreal, Canada (prsafe ) June 6, 2022 - Future Electronics, a global leading distributor of electronic components, is featuring ultra-low profile tactile switches from E-Switch in the latest edition of THE EDGE - Consumer Wearables.

The TL3315 series of tactile switches from E-Switch features a 0.55mm profile and is surface mount, making it great for space-constrained designs. The TL3315 is an ideal solution for a wide variety of applications including Consumer Electronics, Audio/Visual Devices, Medical Devices, Testing/Instrumentation, Telecommunications and Computers/Peripherals.
