Summary

onsemi recently awarded Future Electronics the "Outstanding Mass Market Contribution" award for their work in expanding the mass market in China.

Message

Shanghai, China (prsafe) December 21, 2023 - Future Electronics, a leading global distributor of electronic components, was recently awarded the "2023 Outstanding Mass Market Contribution" award by onsemi for the company's outstanding achievements in expanding the mass market in China while providing high-quality services.

The award was [presented to Future Electronics](#) on November 30th, 2023 by Laura Tang, onsemi China Sales head of EP&S and Mass-Market, at the 2023 APGC EP&S Training & Certification meeting.

"Future Electronics has a strong customer base and has demonstrated outstanding performance in expanding this customer base in the mass market. We hope that the collaboration between the two parties can reach new heights in 2024 and inject new vitality into technical innovation and supply chain services for the mass market," said Tony Gao, onsemi Asia's Senior Director of Distribution, after the meeting.

Charles Tan, Managing Director [at Future Electronics China](#), expressed his gratitude for onsemi's recognition. "Future Electronics' mission is always to Delight the Customer®. While supporting first-tier large-scale customers, we will continue investing in the mass market in China to provide high-quality localized services to small and medium-sized customers, to help them expand markets and create value," said Charles.

About Future Electronics
