Message

Montreal, Canada (prsafe) July 12, 2022 - Future Electronics, a global leading distributor of electronic components, has been awarded North American Distributor of the Year for 2021 by Nexperia, a global producer of semiconductors.

"We are thrilled to be recognized as Nexperia's top North American distributor for 2021," said Anthony Alberga, Corporate Vice President, Marketing at Future Electronics. "The tremendous growth we have enjoyed with Nexperia in every region of the globe is a testament to how well aligned both teams are."

The award was presented to Future Electronics at EDS 2022 in Las Vegas last month.

"On behalf of Nexperia, I am thrilled to present Anthony Alberga and the rest of the Future Electronics team with the North American Distributor of the Year Award," said Conrad Rodriguez, VP of Sales and Marketing at Nexperia Americas. "With a longstanding partnership, Future Electronics continues to be a vital piece of our growth story in the Americas and in 2021 they led the charge in the channel, with a record-breaking year in sales. From all of us at Nexperia, thank you, and here's to many more years of success together."

Future Electronics outperformed all other global distributors, generating significant sales on behalf of Nexperia across all regions while effectively supported their customers' needs in 2021.

"A big thank-you to the Nexperia Team and the to the Local Rep community in the Americas for all of their support," said Alberga. "We are looking forward to another record-breaking year!"
