Middle East Soap And Detergent Market Synopsis

Middle East market revenues witnessed a steady growth in previous years owing to progress in residential and hospitality sectors. However, the market was affected positively in 2020 by the ongoing pandemic of COVID-19, which triggered a boost in market on the back of growing hygiene consciousness. However, the market declined in 2021 as the consumption of soap and detergent reduced with decline in number of covid cases. Initially in year 2020, due to COVID-19 pandemic led measures, lockdowns and restriction on international trade resulted in a slight slowdown in the of essential raw materials such as sulphonic acid, sodium hydroxide, potassium hydroxide resulting in reduced production of soaps and detergents. However, with upliftment of lockdown restrictions and regulatory measures to revive economic activity, demand for soap and detergent took a boost detergent was resumed to meet the demands of reviving economy. Middle East Soap And Detergent Market size is projected to grow at a CAGR of 8.6% respectively during 2022-2028. Soaps and detergents are very essential for our personal hygiene. Owing to lockdown imposed during 2020 and the fear of spread of coronavirus in Oman, it led to boost the Middle East soap and detergent market on account of hygiene awareness. Market by Verticals Analysis

By verticals, residential sector accounted for the largest share on the account of rapid growth in the population in the Middle Eastern countries along with growing awareness among people towards personal hygiene. The residential sector gained more momentum during 2020 as people were at home due to lockdown impositions and were required to maintain hygiene and cleanliness to prevent the spread of the disease. Market by Country Analysis

By countries, Saudi Arabia and UAE accounted for largest market revenue share in Middle East soap and detergent market for 2021 and is also expected to be at the top in forecast years on account of growing tourism and hotel industry. Further, in Saudi Arabia and UAE growing migration is leading to an increase in demand for residential units, thus, directly to the Middle East soap and detergent market growth. Moreover, the large soap and detergent companies either have production plants in industrial areas of Saudi Arabia itself or they distribute their products in the above mentioned countries through importing products from their plants in other GCC nations and rest of the world. Also, tourism infrastructure in Saudi Arabia and UAE is already quite robust due to the presence of religiously and holiday destination significant locations such as Mecca and Medina and Dubai in UAE is further expected to grow. In hospitality sector, hotel laundry industry plays a vital role for clean & hygienic towels and bed linen. Therefore, the demand of Saudi Arabia soap and detergent in Hospitality industry will increase. Key Attractiveness of the Report
