

STMicroelectronics Page EEPROM Non-Volatile Memory Featured in THE EDGE by Future Electronics

News-Press Release

Pointe Claire, Quebec, (Newsbox) 20-Oct-2022

<https://prsafe.com/release/14846/>

Summary

Future Electronics is featuring an extensive non-volatile memory system by STMicroelectronics in THE EDGE.

Message

Montreal, Canada (prsafe) October 20, 2022 - Future Electronics, a global leading distributor of electronic components, is featuring STMicroelectronics' Page EEPROM Non-Volatile Memory in the latest edition of THE EDGE.

Get the chance to revolutionize ultra-low power embedded systems and very small IoT modules with the innovative EEPROM development of STMicroelectronics patented CMOS NVM technology.

To learn more about STMicroelectronics' NVM, visit www.FutureElectronics.com/m/stmicroelectronics. To see the entire portfolio of products available through Future Electronics, visit www.FutureElectronics.com.

THE EDGE is the latest e-newsletter from Future Electronics, and is geared toward engineers and buyers looking for new or leading-edge products. THE EDGE comes out twice per month, and each edition features product information, datasheets and videos showcasing the most advanced new technology in a specific area, such as sensing, lighting, or automotive.

Visit www.FutureElectronics.com/subscribe to receive the latest issues of THE EDGE newsletter, and stay up to date with the newest technologies.

About Future Electronics

Future Electronics is a global leader in electronics distribution, recognized for providing customers with global supply chain solutions, custom-tailored engineering services and a very extensive variety of electronic components. Founded by Robert G. Miller in 1968, Future Electronics believes its 5500 employees are its greatest asset, with 170 offices in 44 countries. Future Electronics is globally integrated, with a unified IT infrastructure that delivers real-time inventory availability and access to customers. With the highest level of service, the most advanced engineering capabilities, and the largest available-to-sell inventory in the world, Future's mission is always to Delight the Customer®.
