Summary

Future Electronics hosted their annual Supplier Fair in Dallas, Texas as part of the 2022 edition of their Advanced Engineering University.

Message

Montreal, Canada (prsafe) November 13, 2022 - Future Electronics, a global leading distributor of electronic components, hosted their highly-anticipated Supplier Fair on November 6th to 11th in Dallas.

Part of Advanced Engineering University (AEU) 2022, this premier event held by Future Electronics provides training to members of its Advanced Engineering Group on the latest technologies and applications from their valued partner suppliers.

Every member of the engineering team was on hand for the Americas event, along with Advanced Engineering staff from various offices around the world.

The fair featured supplier booths complete with product specifics, evaluation tools, and live demos, along with many giveaways and prizes.

The annual Supplier Fair provides an excellent opportunity for Future Electronics Field Application Engineers (FAEs) to network with key supplier personnel while acquiring expert-level insight into the next generation of electronic technologies.
