Summary

Future Electronics is featuring the Littelfuse eFuse Product Line in the latest edition of THE EDGE.

Message

Montreal, Canada (prsafe) January 19, 2023 - Future Electronics, a global leading distributor of electronic components, is featuring the Littelfuse eFuse Product Line in the latest edition of THE EDGE.

This product line is highlighted for its versatile and highly integrated protection ICs. The devices' superior accuracy is added to its programmability and customization, resulting in accelerated time to market and maximization of equipment uptime. The Littelfuse eFuse Product Line features over current, over voltage, and over temperature protection as well as undervoltage lockout, soft start, and reverse current blocking. This series is ideal for a wide range of consumer electronics and data communication interfaces applications.
