

# Yageo SMBJ Series TVS Diodes Featured by Future Electronics in THE EDGE

News-Press Release

Pointe Claire, Quebec, (Newsbox) 23-Jan-2023

<https://prsafe.com/release/15137/>

## Summary

Future Electronics is featuring the Yageo SMBJ Series of TVS Diodes in the latest edition of THE EDGE.

## Message

Montreal, Canada (prsafe ) January 23, 2023 - Future Electronics, a global leading distributor of electronic components, is highlighting Yageo's TVS diodes in the latest edition of THE EDGE.

Yageo's TVS (Transient voltage suppressors) diodes feature very fast response speed to protect sensitive electronic equipment from voltage transients induced by lightning and other transient voltage events.

These TVS Diodes have advantages of low dynamic resistance, excellent clamping capability, and high reliability.

To learn more about the TVS diodes, visit [www.futureelectronics.com/resources/featured-products/yageo-smbj-series-tvs-diodes](http://www.futureelectronics.com/resources/featured-products/yageo-smbj-series-tvs-diodes). To see the entire portfolio of products available through Future Electronics, visit [www.FutureElectronics.com](http://www.FutureElectronics.com).

THE EDGE is the latest e-newsletter from Future Electronics, and is geared toward engineers and buyers looking for new or leading-edge products. THE EDGE comes out twice per month, and each edition features product information, datasheets and videos showcasing the most advanced new technology in a specific area, such as sensing, lighting, or automotive.

Visit [www.FutureElectronics.com/subscribe](http://www.FutureElectronics.com/subscribe) to receive the latest issues of THE EDGE newsletter, and stay up to date with the newest technologies.

## About Future Electronics

Future Electronics is a global leader in electronics distribution, recognized for providing customers with global supply chain solutions, custom-tailored engineering services and a very extensive variety of electronic components. Founded by Robert G. Miller in 1968, Future Electronics believes its 5500 employees are its greatest asset, with 170 offices in 44 countries. Future Electronics is globally integrated, with a unified IT infrastructure that delivers real-time inventory availability and access to customers. With the highest level of service, the most advanced engineering capabilities, and the largest available-to-sell inventory in the world, Future's mission is always to Delight the Customer®.
