## Summary

Future Electronics ushered in the Chinese New Year with its employees in Singapore.

## Message

Singapore ( prsafe ) April 23, 2024 - Future Electronics (FE), recently celebrated Chinese New Year at the Singapore Regional Office. The Company organized three events during this festive season to bring the festive mood to the office and to give employees a further sense of unity, belonging and purpose under the company's banner.

The first of these events was the collection of mandarin oranges which occurred on 5 February. Employees brought back home to their families a nicely beautifully designed packet which was filled to the brim with sweet oranges specially chosen by the Company as a token of prosperity and well-wishes for the welfare of all Future employees and their families.

This was just the beginning though, as the Company also organized a Lo Hei with an accompanying buffet lunch on 7 February for all its corporate employees. Departments led by their respective department heads came together to "Lo Hei" and there were many aspiring photographers among the employees of Future Electronics that were trying to capture the great excitement at the event. This was topped off with a wonderful buffet lunch which saw many employees coming together to have a great lunch with their fellow colleagues in the office.

The finale of the Company's celebrations was a specially arranged Lion Dance on 23rd February for our employees in the corporate office. The CEO of Future Electronics, Mr. Baig and several Executive from the Corp Montreal, shared in the festivities and was greeted by two lions along with a Dragon mascot. Employees loved the performance especially when the mascot moved together with the lions to spread prosperity and auspiciousness throughout the office.

Overall, the Chinese New Year Celebrations was a memorable one for Future Electronics employees and brought them closer together in welcoming the New Year together in prosperity and unity with the Company.

## About Future Electronics
